Your Touchstone Energy® Cooperative 
 The power of human connections®

Account number _____ **Member Name** _____

Service Address _____

I request that my account be enrolled in the Electric Heat Rate eligible to all general service members with single-phase electricity having 75 kW or less electric demand. I certify the following:

1. I have permanently installed residential electric heating equipment of 5,000 watts or more, or a geothermal system.

2. Electric heat is the primary source of heating in the residence.

3. I have in regular use at least two major electrical appliances other than the electric heat. Mark all that apply:

- Range
- Built in Range and Oven
- Water Heater
- Clothes Dryer
- Other (*please specify*): _____

4. Fifty percent (50%) or more of the service electrical use is for residential purposes.

5. I understand the Cooperative reserves the right to inspect the service to determine all of the requirements are being met.

6. I agree to promptly inform the Cooperative if I no longer meet the requirements of Sections 1 through 5 above.

7. I understand The Cooperative, at its sole discretion, may elect not to accept a member into the Program and may also remove a member from the Program who has been accepted, for not meeting and adhering to the requirements of the Program set forth under this or other policies of the Cooperative.
